

SUPRANATIONAL DEMOCRACY DIALOGUE

A dialogue among scholars, civil society, and creative thinkers about global democratic solutions to global challenges.

IV Edition

Brindisi May 6-7, 2022

The University of Salento will host the two days event - the only one of its kind - aimed at bringing together scholars from any background, NGO leaders and political activists, businessmen and innovative thinkers to discuss together the big challenges facing humanity. Those willing to contribute are invited to send an abstract by March 22 2022, addressing one of the following topics:

- I. The Seeds of Supranationality. From Jean Monnet to Global Governance.
- II. Democratic Models for Sustainability. A Conversation across Social and Natural Sciences.
- III. Technology in the Age of Interdependence. Democratic Spaces and Threatens to Democracy.
- IV. Civic Engagement as a Tool for Peace.

Contributions are also welcome if they lay at the intersection of two or more topics (cross-cutting themes as governance, inequality, transparency...) or if they have a wider focus and include a case study falling within one of the four topics listed above.

The ideal contribution is not just an analysis of the problem, but a proposal for addressing it democratically in some original or unconventional way, yet feasible. The abstract (max 500 words), together with a short bio (max 300 words), may be sent at the e-mail address info@supranationaldemocracy.net.

The authors of the selected abstracts will receive two nights accommodation.
